

Senior Warden Briefing:

Greetings everyone!

I hope this beautiful weather finds all of you well! Life at St. Peters has been good and I am so grateful! Just a few things to mention;

I am grateful Father Jim has been here for us during this transition period! God has been good as time just seems to move along and we are, I believe, getting closer to having a full time priest. Andy Prellwitz has been working hard with the transition team and a first draft of the church profile has been submitted to the Vestry. Mandy Sprague will be assisting in the layout of the profile.

I am grateful that the vestry has been discussing outreach and how important it is to be out in the community doing God's work! There are a few items we discussed, specifically volunteering at our local food pantry. We are going to pick a day to gather a few and go over to the Traded Treasures Thrift store and Community Food Pantry to offer assistance. With that being said, we are going as a team and need to have something that says we are from St. Peter's! Mandy Sprague has designed a t-shirt that does just that. We will have t-shirts that say who we are! I am grateful that Mandy has done this for us! We will provide a T-shirt for everyone. We will ask for a donation if you feel compelled to do so. We will offer sweatshirts, however those will need to be personally purchased. More to follow on this mission outreach!

I am grateful for the beautiful grounds that St. Peter's church is on. The Rosary Garden up front and the views in the back of the church are awesome. They bring calm and peace. However, with the summer season ending we need to do some clean up of the St. Peter's grounds. So, on October 26th, weather permitting, we will after church, have some grounds upkeep work to do. I hope that all of you will bring some garden gloves and tools to assist in cleaning up and primping up our beautiful grounds at St. Peter's!

I am grateful for the time that Andrew Dowling has put in to serve at St. Peter's. He has moved to Oshkosh for personal reasons and has decided that he will begin attending Trinity Episcopal. He provides consistency in serving on the altar Guild, being our thurifer, and serving on the vestry and many other roles. We wish him the very best and thankfully we will continue to see him on a rotational basis serving as thurifer and being chalice bearer. Thank you, Andrew.

Lastly, you continue to fill the pews and worship our Lord at St. Peters and for that I am ever so grateful. Have a wonderful weekend!
